To our customers

November 2026

Subject: *RoHS conformity of our products (2011/65/EU)*

Dear Madam or Sir,

Thank you for your inquiry regarding the above-mentioned regulation.

Our products are RoHS compliant. The exemptions for lead in steel, aluminum or copper alloys 6(a) – 6(c) might apply.

In our common interest we are focused on maintaining a high degree of product safety and therefore stay in close contact with our suppliers to follow up the required processes regarding the substance restrictions also in the future.
Additionally, all legal requirements are part of our supplier qualification process.

In case you have any questions or require a recent declaration concerning Material Compliance, please do not hesitate to contact us. Thank you.

Best regards
DIRAK GmbH

i. V. Björn Eisbach
