

Why DIRAK?

DIRAK combines precision engineering with innovative design to deliver high-quality access hardware solutions. With a diverse network of global production facilities, we ensure a smooth and reliable supply chain, so you get the products you need, when you need them. Choose DIRAK, where peace of mind comes standard.

Engineered in Germany since 1991

- German-engineered access hardware for precision and reliability
- Innovative solutions crafted for superior performance
- Pioneering designs to enhance industrial projects

Custom Solutions and Support

- Custom solutions designed to meet your unique needs
- Expert engineers collaborating with you at every stage
- Dedicated support to ensure your project's success

Flexible Stocking Plans

- Custom stocking plans tailored to you
- US-based warehouse for rapid distribution
- Localized solutions to streamline supply chains

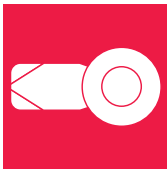

Global Reach, Seamless Supply

- Global facilities ensure reliable product availability
- Strategic locations for faster delivery worldwide
- Consistent quality across all regions

Product Groups

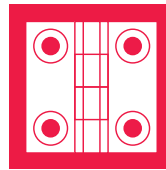

- Comprehensive access hardware solutions for industrial needs
- Engineered for precision, functionality, and lasting reliability
- Key product categories include latches, locks, hinges, gaskets, and more

Quarter-turns

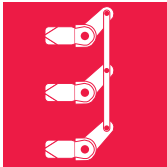

Swinghandles

Hinges

Fasteners

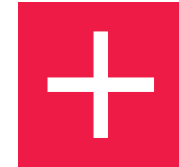

Multi-point latches

Gaskets

Mechatronic Locking Systems

and more...

Industries Served

- Customized solutions developed to meet your industry's specific needs
- Reliable, high-quality systems for diverse range of applications
- Designs that often exceed industry compliance standards

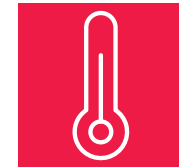

Datacom / IT

Energy

Telecom / 5G

HVAC

Automation

Food Processing

Medical Equipment

and more...
